

Rutgers University Libraries Support for Data Science

Ryan Womack

Rutgers University Libraries

rwomack@rutgers.edu

Current

- Research data services:

<https://www.libraries.rutgers.edu/research-support/research-data-services>

- Data Management Plan consultations
- Best practices for sharing, securing, and preserving your data
- Guidance on repository for your research data
- Workshops on data analysis, data management, data visualization, AI/ML
- Workshops Calendar: https://libcal.rutgers.edu/calendar/rul_events

Future

- One redesigned Libraries data services website
- Relevant data policies, best practices, and tutorials
- Resources for finding, analyzing, managing, and sharing research data
- Directory to schedule consultations with library data experts, leveraging expertise across campuses
